Case No. 2:09-CV-1775-KJD-LRL

ORDER

12 Before the Court is Plaintiff's third Stipulation for Extension of Time (#64). At the outset, the
13 Court notes that this stipulation comes when Plaintiff's response was already late. The parties
14 continue to assert that settlement negotiations are complicated. They further make reference to a
15 potential settlement in another case which "will permit the parties to agree to forego this action."
16 What the parties entirely fail to provide this Court is any time line for resolution of this matter, or
17 indeed any assurance that this matter will likely be resolved other than through resolution of the
18 underlying matter now before the Court. Accordingly, this Court has no confidence that extending
19 Plaintiff's time for response by another month will accomplish anything other than further delay.
20 Accordingly, unless and until the parties provide the Court with some solid basis for extension, this
21 Court's prior order (#65) stands. Plaintiff's response remains due on or before November 13, 2013.

22 DATED this 7th day of November 2013.
